

Revival From the Heartland

Southwest Region

Revival - God is continuing to move Mightily and changing lives in Southwest Missouri. In March and April, Evangelist Garrett Marchant and his wife Lauren from Gastonia, North Carolina were quest speakers at Word and Spirit Revival Tabernacle in Goodman MO, for four weeks of revival services.

They had a revival that changed the lives of many! There were nine people who were saved. One man walked in drunk literally and went up front, laid his bottle of whiskey on the stage, got saved, and filled with the Holy Ghost! Ten people received the Holy Ghost! Four people had their hearing healed!!! One person was healed of cancer! So many people grew in their walk with God during the revival, which changed so many lives!!!!

Oklahoma Baptism - The last weekend of April, there was a report of 1,483 people were baptized in a little pond in Oklahoma in 2 days. God used a small team that weekend to baptize all 1,483 people. During that time, they seen lives set free, healed and delivered, Holy Spirit filled. It was the power of God that showed up and performed His WORD! He poured out His Spirit on this land. With all the people in attendance, they seen miracles upon miracles comes out of the water during the baptisms for the glory of God. They seen people come from all over the world, from several different countries. It was shown how hungry people are for the Lord.

Our Local Church – At Exciting Living Word Fellowship God is moving, He is speaking and building up His people in each service for His service.

In His Service,
